

Meditation: Mindful Meditations for the Chronically Busy (Happiness, Success, Wealth, Stress, Self Development)

Meditation Meditation is one of the quickest and easiest ways to achieve happiness. You might be wondering Why should I meditate though? Its a waste of time, right? WRONG Meditation has been practiced for thousands of years. While it was originally developed as a way for practitioners to deepen their understanding of the mystical forces of life, these days it has become increasingly recognized for the many health and wellness benefits it can deliver. In fact, many health care professionals today consider meditation as complementary to traditional medical treatments. In this chapter, we will look at some of the benefits you can get from a regular meditation practice. Most people associate meditation with sitting down, but in fact meditation can be performed anywhere and under a variety of circumstances. If you lack the time for a regular sitting meditation practice, you can meditate while walking or doing your daily exercise. Doing this is an effective way to regularly meditate while integrating the practice into your busy schedule. The benefits of meditating are, but not limited to... Improved RelationshipsImproved Reaction to Stress and FearImproves EmpathyImproved Cognitive Abilities And a Whole World of Other Benefits!
