

Am I Missing Love Notes From God?

This very short devotional illustrates the many ways God interacts with us as believers. We often call these coincidences when, in fact, they are moments when God chooses to let us know how special we are to Him. When we realize that the thought, prayer, hope, or need is known only to us and God, it brings a feeling of joy that nothing else can touch! This interaction needs to be recognized and allowed to permeate our beings, so that we can know beyond a shadow of a doubt that we are totally loved and cherished by God.
