

Cheating Wife: My Adultery, My Emotional Affairs, My Wrong Christian Romances

Shelly Stepford is a woman who is familiar with the subject of cheating. Take a peek inside the adulterous affairs she engaged in whilst married to her first, violent husband plus the emotional affairs she stepped willingly into with married Christian men after marrying her good second husband. Shelly has learned hard lessons about dipping her diamond-adorned fingers too close to a fire that initially looks dreamily tempting, but hurts and burns in nightmarish reality. Step inside her world of emotionally raw and expository real events of infidelity that she lays bare for the reader to share, wonder about and delight in as they learn what not to do or find help to stop doing by the grace of God alone, before its too late.
