

Ancient Wisdom, Modern World: Ethics for the New Millennium

This work presents the Dalai Lamas prescription for the spiritual expansion of humankind. Addressing what he sees as the spiritual void in modern society, the Dalai Lama calls for the necessity of virtue and greater compassion. Besides discussing ways in which we may care for the environment, he gives guidance in the techniques of contemplation. Written as a form of spiritual handbook, this work is also a complement to Freedom in Exile, the Dalai Lamas autobiography.
