

ISRAEL RECLAIMING THE NARRATIVE

Why is this book different from all other books about Israel? All other books tend to defend Israel. ISRAEL RECLAIMING THE NARRATIVE goes on the attack. Why should my country apologize for fighting for its right to exist? ISRAEL RECLAIMING THE NARRATIVE prosecutes Israel's enemies and defamers by exposing their hypocrisy and lies. From boycotters to replacement theologians, the media, leading politicians, a misguided public and, centrally, the Palestinians, are all subject to scrutiny and found guilty of slander, violence, and abuse of the Jewish nation. The author takes you on a personal journey that allows you to feel the forces and emotions that affect the average Israeli. ISRAEL RECLAIMING THE NARRATIVE calls famous witnesses, past and present, to illustrate the damage that Israel's enemies are inflicting not only on Israel but also on the core values of democratic societies.
