

The Finding of the Blue Feather, A Trilogy Vol. 2: Back to Reality

After many years, Molly does return to Reality to save the life of a friend, Ginny, and take her to the Dream World. Ginny falls in love with the Dream World and with David, one of its residents. She fits well in the Dream World and her future seems to be secure, but she is troubled by an urge to return to Reality, an urge she cannot ignore. David cannot fully understand Ginnys feelings but neither can he part with her. With no more than the clothes they are wearing, the two make the transition to Reality, a Reality that has changed and will change even more. Both of them must trust to the will of the Universe and Davids ability to adapt to this peculiar, foreign world.
