

Duncan and the Pirates (Chameleons)

Duncan is a sappy dog - sometimes. He lives with Mr Hipstone, who may once have been a pirate, and is even now rather grumpy - sometimes. However, neither Duncan nor Mr Hipstone turn out to be quite what each other (and the reader!) expects when they set sail across the seas to a secret island, in search of treasure. There they encounter a band of ferocious pirates - will Duncan be sacrificed for the hidden loot? Could an old bone be the only treasure worth claiming? Only one thing is for certain: nothing is as it seems in this wryly funny, understated yet action-packed story, written and illustrated by the incomparable Peter Utton.
