

Making Waves: A Southern Elemental Guardians Novella (0.5)

For disgruntled Celtic sea god MacLir, nothing beats the solace of Atlantic waves and mortal women. Disguised as captain of the luxury cruise ship Wave Sweeper, he gets his fill of both. Until babysitting duties get in the way. MacLir is charged with ferrying a pair of troublesome Rhinemaidens to the Americas, giving the mermaids their first taste of freedom. All he has to do is deliver them safely to their chaperone in the New World. Easy, right? Unfortunately, Lorelei and Ilsa have a lust for adventure and a knack for causing problems. From full fins moonlight swims to bacchanal parties crashed by nymphs and satyrs, Captain MacLir has his hands full. But when the mermaids conspire to reunite MacLir with his long lost love, the sea goddess Calypso, they set off a storm fueled by old wounds and passionate desires. Will love calm the waves, or will all on board perish in a fearsome maelstrom?
