

Disabled Christianity: Recognizing and Cultivating a Desperate Dependence upon God

My hope is that this book will not only touch the lives of those who share a disability, but touch anyone dealing with a crisis. The intention of this book is to show how each and every one of us desperately needs God's help in our lives. I believe that my experiences as someone in constant physical need can reveal to every human spirit that they too are in constant spiritual need and must find help.
