

Dragonfriend: Leonard the Great, Book 1

If you think it was all good deeds and fancy ideals back in the days of Camelot, think again. Most people don't know this, but for a time things went seriously bad; Arthur was imprisoned, Merlin had vanished, and a cruel demon had taken over the throne. It's up to young Leonard, a page to a poor but kind knight, to set things right even if that means going on a perilous quest, battling hungry monsters, or risking his life to befriend a horde of notoriously ill-tempered dragons.
