

Gods and Swindlers (City of Eldrich)

Its February in Eldrich, and Meaghan Keele struggles through her first Pennsylvania winter, haunted by trauma-induced nightmares and yearning for the Arizona sunshine. On top of that, the fair folkshapeshifting elves who feed on human awe and devotion have broken the latest truce in their ongoing war against humanity. Meaghan impervious to magic is at the top of their hit list. And the elves don't care who else gets hurt along the way.

Aided by a reluctant thunder god, a reformed swindler, and a renegade elf, Meaghan has to rely on her wits and some unconventional weapons to survive and save everyone she loves. This time Meaghan doesn't have to save the world. This time it's personal.
