

Embers Of The Lakeland Florida Revival

It was a great blessing to be able to live near the Florida Revival. During the 30 times I had the privilege to sit in the awesome power of God and at these services I felt led to write. The writings in this book came from that time and I felt strongly to share them with all of you. On each page there is a message and a reminder of Gods goodness to us. As I read over them I feel quickened in my spirit as the Spirit comes over me remembering the movement of His fire over the tent and His healing and delivering of people in the services. Some people have even commented that each page is like a mini Psalm. I pray you too will be blessed and feel the embers of revival being stirred in you as well.
