

Head Over Heels in France: Falling in Love in the Lot

Just when life seemed its darkest, Samantha found happiness Pascal, and his 10-year-old son, and the rigors of country life in an unexpected trip to France. When Samantha Bricks life started to unravel her company in liquidation, homeless, penniless, and friendless, and on max-strength anti-depressants it seemed that everything was going wrong. But a chance week away in France led to the most unexpected of all turn-arounds: a whirlwind romance with gun-toting, stubborn, and ever-so-macho Pascal. It wasn't until she moved in to his cottage in the beautiful Lot region in southwest France that she realized how shamefully ill-equipped she was for the country life. Like Cinderella in reverse, Samantha had to learn to cook, clean, chop wood, and keep house, as well as discovering how to be a stepmother to Pascals know-it-all 10-year-old son, and finding love and happiness along the way.
