

Oogie Finds Love

Years ago, Sam Grogan had advertised for wrestlers and Algernon Allerdycy had been the first of those to answer. It was Sam who gave him the name of Oogie the Caveman. As such he had achieved fame around the wrestling circuits -- fame and fortune. Sam had learned many facts in the life of Allerdycy during the three years of their association. How when Allerdycy was fifteen a truck had struck the bike he was riding and hurled the unfortunate boy into a tree which mashed his face to a pulp. How the family had brought the injured youth to a famous plastic surgeon who had performed surgery on him. The next day it was found the surgeon was insane, and had been insane when he performed the plastic work on the boy. The result was the apelike face he had given him. . . . It took a fierce battle with the prehistoric Cro-Magnons, and a modern wrestling match with the Russian Bear, before Oogie, the Caveman, finally won beautiful Sala for his woman.
