

## Kissing Snowflakes

A little girl waits patiently, for winter to snow. She must endure, nearly, the entire winter without a sign of snow. From the television forecast, it seems without hope of snow for winter. The reader is led on an adventure of winter wonder, through colorful paintings of landscape, told with rhythm, rhyme, and melodious lyrics: the character of a little girl driven by the need to kiss snowflakes. Finally, near the end of winter, although she sits and stares, in a fixed gaze, up at the sky, all hope of snowflakes falling seem dismal.
