

The Well of Chakura (The Creators of Aerhellion) (Volume 1)

Death is a shadow that follows all mortal souls, waiting to carry a persons single life away into darkness. Most tremble to think of meeting that shadow only once, but what of those who must face it again and again? For The Creators of Aerhellion, death lurks in every breath, and every moment. In their world, to be immortal is to know countless, endless death. What would you do if death wasnt the end? What if every death brought life again. What would you fight for? What would you give your life for? When Hiro learns that he is destined to be a Creator of Aerhellion, he must answer these questions for himself, and discover how his fate ties into a world of conflict, mystery, and magic.
