

Reflective Practice in Nursing (Transforming Nursing Practice Series)

Would you like to develop some strategies to manage knowledge deficits, near misses and mistakes in practice? Are you looking to improve your reflective writing for your portfolio, essays or assignments? Reflective practice enables us to make sense of, and learn from, the experiences we have each day and if nurtured properly can provide skills that will you come to rely on throughout your nursing career. Using clear language and insightful examples, scenarios and case studies the third edition of this popular and bestselling book shows you what reflection is, why it is so important and how you can use it to improve your nursing practice. Key features: Clear and straightforward introduction to reflection directly written for nursing students and new nurses Full of activities designed to build confidence when using reflective practice Each chapter is linked to relevant NMC Standards and Essential Skills Clusters
