

P.E.S.T. Personal and Emotional Space and Taking Turns (Friendship Craze Book 2)

Samantha is on the lookout for a friend. Not just any friend, a best friend. She wants a best friend to show her awesome dance moves to, and be a member of her Unicorn Club. So far she is the only member. Samantha has all sorts of things planned for her best friend. Now to find her.

Why wont anyone join Samanthas Unicorn club or watch her dance? Samantha is like many kids. She tries too hard. Samantha throws a coin in the fountain and wishes for a friend. Troll appears and shows her how PE.S.T (a snakelike creature) is crawling all over her.

The only way to get rid of the PEST is for her to learn Personal and Emotional Space and Taking Turns. This book teaches children about personal space and appropriate ways to make friends. While reading Samanthas story, children and their adult mentors, will enjoy doing the activities along with Samantha to learn important lessons about personal space. It even comes with a game that helps kids learn how to carry on conversations. P.E.S.T. Personal and Emotional Space and Taking Turns is the second book in the friendshipcraze series. These books teach kids friendship skills and positive thinking.

A.N.T. Annoying Nonsense Thoughts is the first book in the series teaching positive thinking. Many reviewers are calling it a book that should be required at all schools. Its a book for adults too. Look for future friendshipcraze books addressing shyness and other friendship issues.
