

## Potent Within

In all situations, fill your belly with what you want from Gods Word. Meditate and seek fellowship with the Lord so that an anointed river will start flowing. You shall see mountains reduced to chaff. When Christ died for mankind, he placed inside each man an inherent ability to harness the power of the Holy Spirit and become an unstoppable force. Mindlessly following the Word is not enough. You must open your mind, heart and spirit, filling your inner-man with strength and potential. In this scriptural-based guide, Akintunde raises a clarion call for all Christians to look within and discover the power waiting to be released.
