

## Janes Explosive Ordnance Disposal 2008-2009 (Janes Eod and Cbrne Defence Equipment)

This is a complete source for anyone, military or civilian, involved in the explosive ordnance disposal (EOD) industry, ranging from field operators to equipment managers. All categories of potential unexploded ordnance are assessed. The data provided includes not only a full description with specifications, but also details of the munitions operational characteristics and related EOD considerations. Cutaway diagrams and/or full color photographs support the text to assist your analysis and recognition process. The identification section provides unique information on the markings and color codes used on commonly encountered ordnance, enabling informed assessments of unusual or previously unseen munitions. Comprehensive coverage and reviews of EOD-related equipment, specifications data and details of status and contractor, full contact details and analysis of explosives and propellants are also provided.
